

What some of my clients have to say

The communication alone with Mas was enough to make me book him after our first email exchange. All of my questions were clearly responded to and the turn around time of his emails were extremely quick. I felt very comfortable booking Mas for the wedding and I was even more impressed when we received the wedding portfolio and video, they were better than I ever could have imagined. Mas and his team were extremely professional, so easy to work with and they worked so hard to capture every little beautiful moment of the day. They even sheltered us from a rainshower, which was absolutely above and beyond what was required of them. Mas also recommended some fantastic ideas for the day - a buddhist blessing and an elephant and I, without doubt, have to say that these photos are the ones all of our friends are talking about. They are simply stunning and I am so glad we listened to his ideas and suggestions. There is no-one who knows a country better than a local - so don't hesitate, don't book a foreign photographer, book Phanumas, because you will not only come away with a beautiful wedding portfolio, but you will also come away with having the pleasure of meeting an amazing Thai man and his fantastic team. I cannot recommend them more highly and I am happy to be contacted at anytime – **Sheree & Tane**

We used Mas to photograph our wedding at The Sarojin in December 2009 because of his portfolio and recommendation through Creative Events Asia. Throughout the whole process he proved to be professional, friendly and adaptable. He and Sarah met myself and Katherine the day before the wedding to go over timings, photo styles and also so we could get to know them and they get to know us. This proved invaluable as you don't want a stranger at your wedding do you? On the big day Mas and Sarah had the right balance between being behind the scenes and being at the forefront. Sarah was magnificent as she not only was Mas's assistant but was also there to calm down the nerves of my wife, a job she did extremely well. We booked Mas and Sarah for four hours and afterwards we said our goodbyes. We were expecting to get our DVD of the photos between 10-14 days after the big day but because Sarah was in the area for other business too, Mas stayed up around the clock to process the photos and deliver the photos in person two days later. This was beyond the call of duty and goes to show how professional and serious he takes his business. The photos captured the event superbly and we were extremely happy with the quality and the storytelling. I would have no hesitation in recommending Mas and Sarah to be your photographer for your big day. - **Paul & Katherine**

It was great that you were flexible with timing and happy to stay on – meant you got to capture the rest of our speeches etc. Video and photos were very quick to arrive back home which was also great!

We couldn't be happier with the photos and video from Phanumas Photography. Mas was awesome to deal with and really understood what we wanted. He blended into the day and captured all of the special moments beautifully. We were so impressed with the quality of the both the photos and video and would have no hesitation recommending Mas. My advice would be to go with both the video and photos. Whist the photos were absolutely gorgeous the video really tells the story. We had a small intimate wedding and it has been great to

show everyone back home the video – makes our family and friends who couldn't be there really feel a part of the day!

Thanks Mas for making our wedding at Pimalai so special ... from before we arrived, during the day, to following up with us after the event... your professionalism, enthusiasm, communication and customer service has been second to none! - **Sarah & Damien**

Your services, both in photography and videography were brilliant! You caught our most candid and memorable moments and we will cherish them forever! Thank You Mas you truly are a talented artist with a beautiful spirit 😊 Our only regret is that we did not book you for the entire day – we would have loved you and Sarah at the dinner reception 😊 Thank you again! - **Jacqui & Nick**

You took the time to get a feel for the sort people Kelvin and I were and that shows in how you captured the day. You were professional and relaxed. You made us feel comfortable (as you can) to have a camera on us constantly. We feel blessed to have had you be part of the energy that made up our amazing wedding day! Thank you😊. - **Melanie & Kelvin**

I was delighted with the amount of photos given to us! It was really great to receive them all. I don't think its standard procedure to give all the images from photographers, they only allow you to have a set amount and if you want more, you have to pay.

I really cannot fault you on anything. From the moment of contact, everything was arranged perfectly. I had an idea of what I wanted but you were so organized, you were gave me suggestions on how to format the day and types of photos to be taken. I really needed this direction because given the time constraints we had; I was disorganized in this area. It was constructed brilliantly, it made the day run so smoothly.

The weather was unfortunate and one thing that passed through my mind is that there aren't many good settings for photos but I was surprised by the variation of photos. You also managed to capture photos that would be gone in a split second. There were so many surprise candid shots that I had no idea they were being taken and they were amazing. Over all I was delighted with the selection and quality of the photos and I couldn't fault you on anything. Thank you so much, I couldn't have asked for better photos. – **Caroline & Sven**

Prior to our wedding all communication to Mas was via email, this worked perfectly as he is always prompt, thorough, professional but personal with his replies. When it came to the wedding Mas and Sarah came to visit us at our hotel to talk through our brief and introduce himself, this was fantastic as it enabled them to blend in seamlessly on the day and we got to see his fantastic albums. Mas was charming and patient on the day and so was his lovely assistant, they were a pleasure to work with. When we received our pictures we could not have been happier, the details could not have been captured by any guest and we will honestly never ever tire at looking at them, Mas did a truly spectacular job! I would highly recommend him to anyone; you will not be left disappointed. **Paul & Gemma**

Mas and his Sarah make a great team and did a great job capturing the memories of our wedding. They were definitely very experienced in making everyone feel comfortable in front of the lens and ensured we had photographic memories with all our guests - **Rohan & Jothe**

Phanumas Photography exceeded our expectations and my husband and I are very happy with the turnout of our wedding photos. We have so many wonderful memories captured of our special day, family, and friends. Mas was very attentive, while still allowing us to be ourselves and enjoy the moment. We would highly recommend him and his services for any special event. - **Nicole & Andy**

Mas and his Sarah were absolutely amazing! They listened to everything we told them and helped create the pictures we were hoping for. They helped organise everyone and kept everyone relaxed. We got the CD quickly even though we didn't pay for the express delivery. The photos were amazing and we were extremely happy with them. Would happily recommend Mas to anyone!!!! :) - **Katie & Mark**

Thank you for giving us the most beautiful reminder of our special day - **Kelly & Chris**

Our wedding photographs turned out excellent, we are very happy with all of them! Mas and Sarah are very professional. He is the kind of photographer that is there to take your photos, but does not interrupt your day. Thanks again - **Adrian & Nat**

We loved our wedding photos, beautiful shots. The only trouble is picking which ones to use in the Wedding Album! - **Caroline & Jess**

The photos are fantastic thank you so much. Captured the day and night perfectly. **Georgie & Paul**

Thank you and your Sarah for the wonderful day and the beautiful pictures... Everything was perfect! Great! - **Kristiane & Heiko**

Mas provided a friendly and professional service to an excellent standard. He worked extremely subtly in the background and took some superb natural photography as a result, including close-up individual shots of virtually all guests – **Karen and Dmitri**

The pictures you have taken of our wedding are fantastic, and we are both very happy that there are so many truly great shots to choose from. Thank you to Mas and Sarah for being so easy going, and creating such great memories for us.

Post wedding service: We've received the wedding album and we absolutely love it 🥰

Thank you both very much for all the hard work you have put into creating it. I know we have taken our time putting the album together, but it was definitely worth the wait and we are both really pleased.

Thanks again to Mas for taking such fantastic pictures!!! We will definitely recommend you to any of our friends/family either getting married or having a special occasion in Thailand. - **Imogen & Jamie**

The CD portfolio arrived on Friday; we were both very happy with it. Thank you so much. We will be in contact as soon as we make up our minds about what post production services to choose. Thanks to both of you for your help on our wedding day, you were excellent! – **Lyndsey & John**

We had asked for some standard group shots which Mas ensured that we got and more importantly for us were the natural pictures that he took of us and our guests throughout the day and evening without us even knowing. We have some really nice shots of everyone. The pictures really capture the moment and we are very glad that we used Mas's services during our wedding. I can highly recommend Mas and his assistant Sarah. – **Cat & Derek**

The comments I have been getting from people looking at the photos you took Mas, speak for themselves. People commented on your quiet friendly nature and the dedication you showed by staying at the reception as long as we wanted you to. Somebody also said that you really captured the emotions of the day and all the people that shared it with us. Your photos are all lovely and natural and portray the day beautifully. Just the way we would like to remember them...Thank you again! - **Anel & Gary**

Richard and I felt Mas really understood the style of photo's we were after. We were really pleased with the quality of the shots and how easy the entire process was. Our photos are beautiful and capture a beautiful day. – **Richard & Sally**

I really enjoyed having you as our photographer. I have had many experiences with friend's getting married and their photographers, and I have to say I enjoyed the relaxed approach to our wedding. It made us feel comfortable, as we are not used to having our pictures taken all day! I thought the meeting before hand, discussing what kind of shots we wanted, was good. It made us aware of what would happen during the day. The pictures we received were wonderful! I couldn't have expected anything more beautiful. It captured our wedding ceremony perfectly; from the funny moments to the romantic ones. With the CD you made us we were able to browse the pictures on our TV at the resort. I loved every one, of the 400 pictures. It wasn't more than a week after we returned home that I printed some out for a photo album. I made my stepmom cry, she loved them so much.

I would recommend Mas's services as a wedding photographer. My husband and I loved the pictures we received from our wedding ceremony in Thailand. As travelers from outside the country it was important that there was a high level of communication, so we knew what to expect and also, that the atmosphere of the photographing was relaxed, being that it was a beach wedding. Both of these qualifications were met with Mas's services. When emailing, he was prompt in responding and answered all of our questions thoroughly and with honesty. Before the ceremony, he met with us to discuss our desires for the type of shots we would like. When he understood how relaxed and casual we wanted our session to be, he and his assistant were attuned to this request and made us feel very comfortable. We loved our experience with Mas and would use him as our photographer again! - **Mark and Rebecca**

I felt like I'm the only client you have although knowing you through the stuff I read about you on the internet before choosing you I knew that you have a lot in your hand all the time:

although you had too many weddings booked during the same period you still managed to make us feel privilege and I really appreciate this.

We're clumsy people by nature and we like to move all the time - you took advantage of all our movements and did a great sequence of pictures. I didn't have to repeat or talk too much for you know what I wanted and you delivered perfectly.

I wish you all the best to you and to Sarah in your future endeavors and I will recommend you to any of my friends should any of them plan to get married in Thailand (after seeing our wedding pics everyone got excited about getting married in Thailand). – **Rima & Greg**

Your pictures are amazing. Thank you so much. it was too late for us to see the additional package, but since the wedding we have told everyone about you and they are all amazed with your style of photography. I cannot thank you enough for capturing the true essence of the day. you are fabulous. With love and thanks - **Jay and Charlie.**

I actually managed to catch up with Danielle and Steve during the week and they have kindly showed me your photos already. Really beautiful, and Steve and Danielle are so happy with both the photos and the video - well done Mas. – **Rachel (Wedding Planner on behalf of Steve and Danielle)**

We were very impressed with the pre-wedding communication as it put us at ease. We thought there was a lot of attention to detail so as to avoid any misunderstandings on the day of our wedding. Due to this we were able to be very clear about what our programme was going to be as well what our preferences were, with regard to the style of photography.

You acted upon all our requests! All our requirements that we had sent via email were adhered to. Upon meeting we were able to clarify every smallest detail with you and being able to do this was fantastic! When you came and met us on the day we were departing and showed us the slideshow we were amazed as you had remembered every last detail of our requirements and had surpassed them.

Impeccable time keeping!!! More so than mine on the day!! Our meetings at the airport on our arrival and departure turned out that you had to wait for us and we are grateful for that. On the day of our wedding, you and your crew were there hours before to ensure that you had ample time to prepare! Looking at the slideshow it seemed as though you were able to be at two places at once by taking photos of both Chris and I getting ready at different ends of the beach and I'm sure that you had to practically run from Pimalai to Baan Lanta to be able to capture all those moments.

To be honest, talking to you and Sarah on the morning of our wedding helped me to relax as I was a bag of nerves especially because I was on my own!!! You were so careful to capture everything without disturbing us from the blissful trance we were in!! Looking back on it there were times that we forgot that you were there!! You remembered everything we had discussed without having us to remind you or worry about it. You really made us feel that you were not only photographing but you were a part of our wedding.

When we first saw the slideshow we were completely overwhelmed. We could not believe that the people in those gorgeous photos were really us! You took the most beautiful photos. Every person who has seen the website, album or slideshow has said that our wedding photos are the most beautiful they've ever seen. And my response has been, "We have Mas to thank for that. "After we played the DVD at our reception my best friend said to that she felt like she was watching a movie unfold but only this time she knew the lead actor and actress!

We are absolutely thrilled with the quality of the slideshow, album, DVD, prints and the canvas and cannot thank you enough.

WOW!!Your ability to capture the essence of every detail overwhelmed us. Every time I look at the photographs it's as though I'm back in Thailand getting married all over again! We are so lucky to have had you there as no-one else would have your artistic vision. What we loved the most about each photograph is that it was spontaneous. We did not once have to stop what we were doing to look at the camera

There was a lot of anxiety about our wedding because of the fact that went off and got married on our own and because Chris and I come from very different cultural backgrounds. My family is very traditional and old fashioned and had a lot to say about everything...if you know what I mean!! However when they saw the slideshow and watched the DVD, they were in tears. You helped to lower some of their barriers and break their resistance by communicating the essence of our wedding through your images. Until that point they had been unable to identify with what we had chosen to do and upon seeing it were transported to Thailand to share our special day with us. It was only then that they understood and gave us their blessings. Thank you.

Looking back at it all I feel truly blessed. Our wedding was the happiest day of our lives and we thank you for eternalizing the joy and the beauty of that day so that we can reflect on it and appreciate it. – **Juanita & Chris**
